HOPE

INITIATIVE

## ***Our Current Focus***

---

**Utilizing Patient Advocacy to fuel research nationwide and drive new clinical trials to the Puget Sound Region to enhance research and economic impact.**

## Current Work of EBCI

- Historically funded research
- Now focused on making Puget Sound region a hub - actively working with key players
- Focused on bringing trials to region
- First Step and Team up Initiatives

## Puget Sound Region: The Challenge

- Excellent institutions
- People being trained and then leaving
- Underlying problem of people leaving area for brain cancer treatment and trials
- Lack of Clinical Trials - only 2

## Puget Sound Region: The Vision

- See Puget Sound as a hub for brain cancer research and related clinical activity
- Clinical Trial recruitment is the key to this vision
