

The End Brain Cancer Initiative (EBCI) Raising Patient Voices with a Study for Patients w/Recurrent Glioblastoma (rGBM)

REDMOND, WA, US, December 15, 2023 /EINPresswire.com/ -- Are you or a loved one living with Recurrent Glioblastoma (rGBM)? Would you like to participate in a short interview?

One joint 45-minute interview can be scheduled at your convenience, typically within business hours. During this interview, participants can share their unique perspectives and personal experiences related to rGBM. The information we collect will help support newly diagnosed individuals and contribute to improving future rGBM research and clinical trials. Your perspectives and insights will help shape future treatments for rGBM. Learn more at <https://endbraincancer.org/rgbm-study/>.

Eligible individuals with first recurrent GBM and caregivers who complete the joint interview will receive one \$100 Visa gift card. Participating caregivers will be asked to complete a short online [survey](#) after the interview. Caregivers will receive one \$50 Visa gift card for completing the online survey. Short pre-qualification Interviews will be conducted by EBCI via Zoom or phone by their Clinical Research Coordinator/Patient Navigator, Shreya Prakash: Shreya@EndBrainCancer.org, 425-436-8688. After pre-qualification, interviews will be conducted virtually or by phone by Adelphi Values, a research company that works with pharmaceutical companies and patient advocacy organizations to understand various health conditions.

Register for this study/interview for you and your caregiver at <https://endbraincancer.org/rgbm-study/> or by contacting Shreya Prakash with EBCI: Shreya@EndBrainCancer.org, 425-436-8688.

The [End Brain Cancer Initiative](#) is a 501(c)3 non-profit patient organization focused on disease education, awareness, outreach and increasing patient access. The End Brain Cancer Initiative,

formerly known as the Chris Elliott Fund, is dedicated to ensuring that all patients diagnosed with brain cancer, a brain tumor, or metastatic disease to the brain have equal access to advanced diagnostics, treatments, specialists, and clinical trial participation. We believe that IMMEDIATE ACCESS to these options provides this patient community with the best HOPE for survival and sustained quality of life. We partner with industry, patients, researchers, advocacy groups, medical teams, hospital networks and others to educate patients and their caregivers so they can have empowered conversations with medical teams. Learn more about and support End Brain Cancer Initiative's work and mission at EndBrainCancer.org.

A graphic for the EndBrain Cancer Survey. It features a background image of a person in a white lab coat holding a blue pen, with another person's hands visible. The text is overlaid on this image. At the top left is the 'endbrain cancer' logo with the tagline 'Empowering Patients in Clinical Trial Enrollment'. Below the logo, it says '*In collaboration with Adelphi Values, a healthcare consultancy'. The main text reads: 'Eligible individuals with recurrent GBM and their caregivers who complete the joint interview will be compensated for their time. Participating caregivers will be asked to complete a survey after the interview.' Below this is a large green box with white text asking: 'Are you or a loved one living with Recurrent GLIOBLASTOMA (rGBM)? Would you participate in a short interview?'. Underneath the green box, it says: 'Your perspectives and insights will help to shape future treatments for GBM!'. At the bottom of the graphic, it says 'EndBrain Cancer Survey'. On the right side, there is a vertical green bar with the text '@endbraincancer' written vertically.
